## 1.4. What are the Public Mode and the Full Function Mode?

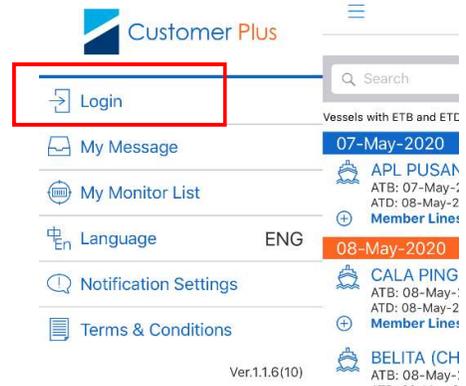

There are two operation modes:

- ◆ Public Mode with limited functions (For Public Users)
  - No Login is required
  - Basic functions only
    - Vessel Schedule Enquiry
    - Container Enquiry
    - News
    - My Message
    - My Monitor List
- ◆ Full Function Mode
  - Login is required (For Authorized Users only)
  - More information and functions can be accessed for the Login users.
    - Vessel Schedule Enquiry
    - Container Enquiry
    - Terminal Views
    - News
    - My Message
    - My Monitor List

## 1.5. How to switch between Full Function Mode / Public Mode?

### 1.5.1. Enter Full Function Mode

- 1) Tap  Login at the bottom of the Main Screen; OR
- 2) Tap  at the top left of the Main Screen to bring up the Left Menu, then tap  Login from the Menu.
- 3) Please complete the following fields with valid values:
  - Company, User ID, Password
- 4) Tap  to login.

#### Notes:

Check the  Save User ID to save "Company" and "User ID" for future use.

### 1.5.2. Enable the Fingerprint (Touch ID) / Face ID login

#### For iOS

- 1) Check the  Use Touch ID for future login to enable the Touch ID / Face ID authentication for future login.

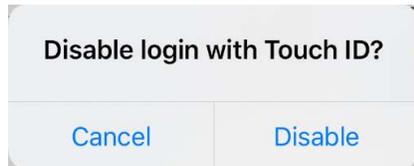

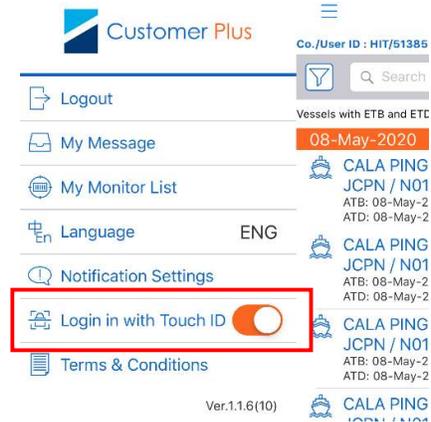

#### For Android

- 1) Check the  Use fingerprint for future login to enable the Fingerprint / Face ID authentication for future login.

1.5.3. Disable the Fingerprint (Touch ID) / Face ID login.

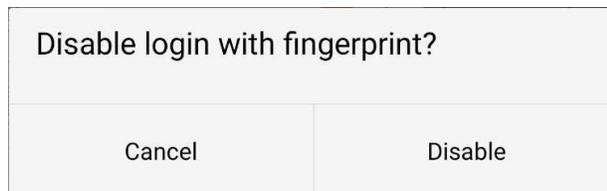

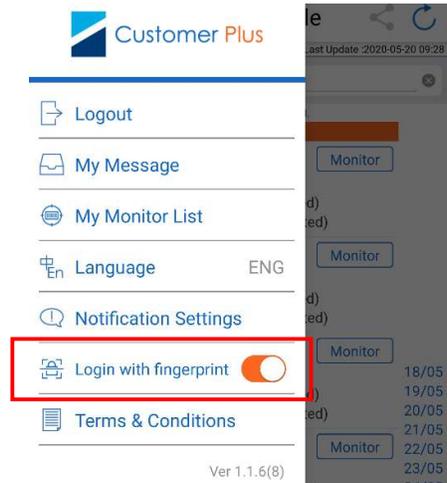

For iOS

- 1) Tap  at the top left of the Main Screen to bring up the Left Menu.
- 2) Then un-select  Login in with Touch ID  from the Left Menu.
- 3) Tap "Disable" to disable the Touch ID / Face ID login.

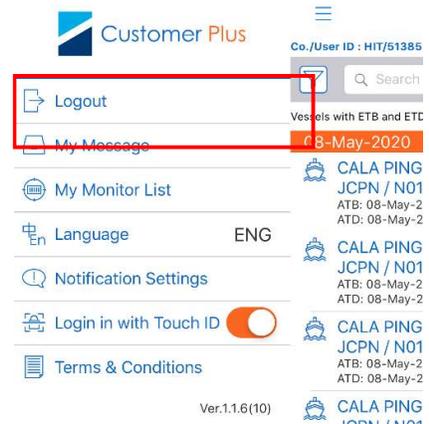

For Android

- 1) Tap  at the top left of the Main Screen to bring up the Left Menu.
- 2) Then un-select  Login with fingerprint  from the Left Menu.
- 3) Tap "Disable" to disable the Fingerprint / Face ID login.

### 1.5.4. Exit Full Function Mode.

- 1) Tap  at the top left of the Main Screen to bring up the Left Menu.
- 2) Tap  Logout .

## 1.6. News – Latest Update from the Terminal

### 1.6.1. Read the news

Latest news from the Terminal will be pushed to the Users' devices in the form of notifications once released. Such News will also be stored for later viewing. To view them:

Tap **News** at the bottom menu of the Main Screen.

The screenshot shows the 'News' section of the application. At the top, there is a blue header with 'HIT News'. Below it, a list of news items is displayed, each with a thumbnail image, a title, and a date. The items are:

- Turning the Tide** (20/Mar/2020)
- "HIT 50th Anniversary Fun Day" at Hong Kong Maritime Museum** (25/Nov/2019)
- HIT, COSCO-HIT and ACT Promote Occupational Safety and Health. Marked Impro...** (14/Oct/2019)
- HIT, COSCO-HIT, ACT and PS&L Organize Planting Activity** (14/Oct/2019)
- HIT Continues to Invest in its Facilities** (10/Jun/2019)

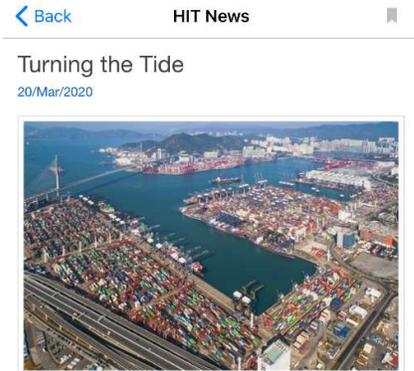

Annotations with red arrows point to specific features:

- A blue bookmark icon at the top right of the news list is annotated with: "Tap [bookmark icon] to show the bookmarked News."
- The first news item, "Turning the Tide", is annotated with: "Tap News to read the detail content."
- An orange bookmark icon on the right side of the second news item is annotated with: "Indicate the bookmarked News."

At the bottom of the screen, there is a navigation bar with four icons: Schedule, Container, News (highlighted in blue), and Login.

## 1.6.2. Bookmark the news

- 1) In the news content, tap  to bookmark the news.
- 2)  will be changed to  once bookmarked.

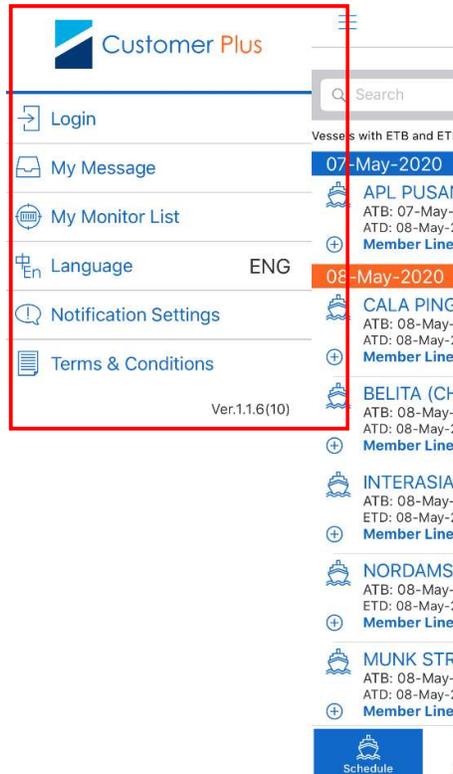

Hutchison Ports HIT (HIT) and other members under Hong Kong Seaport Alliance (HKSPA) has made a relentless effort to enhance the competitiveness of the Hong Kong Port. One word best sums up the myriad reasons behind the successful formation of HKSPA: efficiency. With a more streamlined operation, productivity is increased, costs are reduced, and ultimately the customer is the main beneficiary. To understand more, please [click](#) here to read a 4-page special published at the Journal of Commerce.

## 2.Public Mode for public user

### 2.1. Overview

Public Mode is a simplified version for public user using. If you are registered member, please jump to see Section 3.

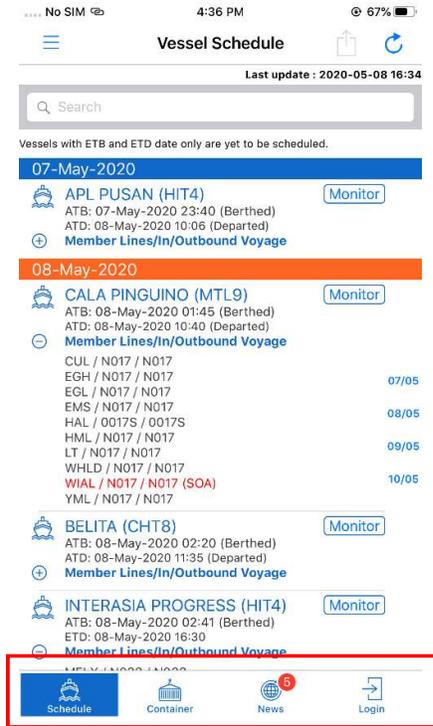

#### 2.1.1. Left Menu

Six functions are at the left menu:

-  - Login the Full function mode (refer to Section 1.5.1)
-  - My Message (refer to Section **Error! Reference source not found.**)
-  - My Monitor List (refer to Section 3.4)
-  - Language (refer to Section 4.1)
-  - Notification Settings (refer to Section 4.2)
-  - Terms & Conditions (refer to Section 5)

### 2.1.2. Bottom Menu

Four functions are at the bottom :

**Schedule** – Vessel Schedule Enquiry (refer to Section 2.2)

**Container** – Container Enquiry (refer to Section 2.2.3)

**News** – Latest News from the Terminal (refer to Section 1.6)

**Login** – Login the Full Function Mode (refer to Section 1.5.1)

## 2.2. Vessel Schedule Enquiry

### 2.2.1. Overview

- Navigate the recently Vessel Schedule.
- Search the Vessel Schedule.
- Share the searching result.

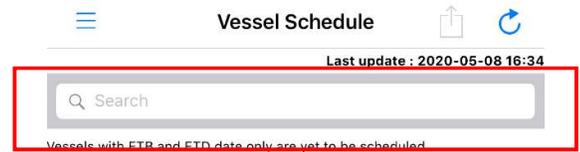

The screenshot shows the 'Vessel Schedule' app interface. At the top, there is a refresh icon (circular arrow) with an annotation: 'Tap [refresh icon] to refresh the list.' Below the refresh icon is a search bar with the text 'Search' and an annotation: 'Expand the Vessel Search screen.' The main content area displays vessel schedules for two dates: '07-May-2020' (highlighted in blue) and '08-May-2020' (highlighted in orange). For each date, vessels are listed with their names, status (e.g., 'Berthed'), and arrival/departure times. A 'Monitor' button is present next to each vessel entry. Annotations explain that orange highlights indicate the current date, and blue highlights indicate other dates. A red box highlights the 'Member Lines/In/Outbound Voyage' section for the vessel 'CALA PINGUINO (MTL9)' on 08-May-2020, with an annotation: 'Add the Vessel to the Monitor list'. To the right of the vessel list, a vertical date list shows dates from 07/05 to 10/05. Annotations explain that a blue 'Monitor' button indicates it is disabled, and an orange 'Monitor' button indicates it is enabled. The date list covers the range from [(Current Day - 1) to (Current Date + 2)]. At the bottom, a navigation bar includes icons for 'Schedule', 'Container', 'News', and 'Login'. An annotation points to the 'Member Lines/In/Outbound Voyage' link under a vessel, stating: 'Tap [plus icon] Member Lines/In/Outbound Voyage under a vessel to show its Member Lines / In / Outbound Voyage.'

Tap ⊕ Member Lines/In/Outbound Voyage under a vessel to show its Member Lines / In / Outbound Voyage.

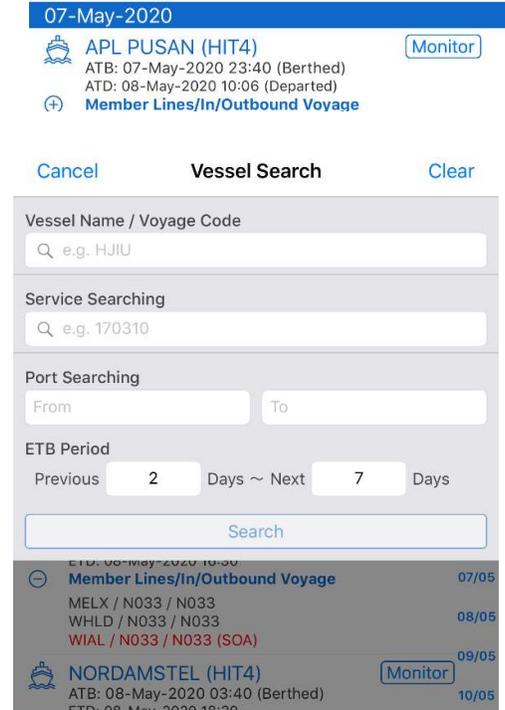

Items in Red: SOA

### 2.2.2. Search the Vessel Schedule

1) Tap Search bar to expand the Vessel Search.

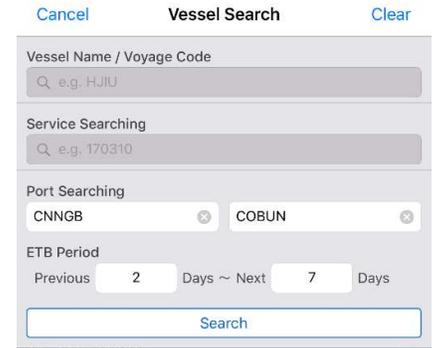

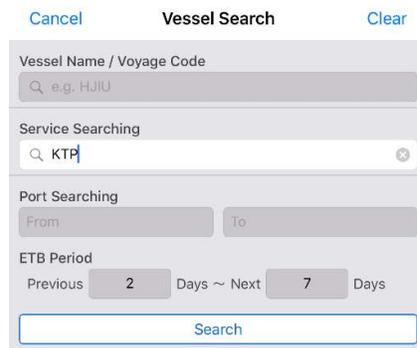

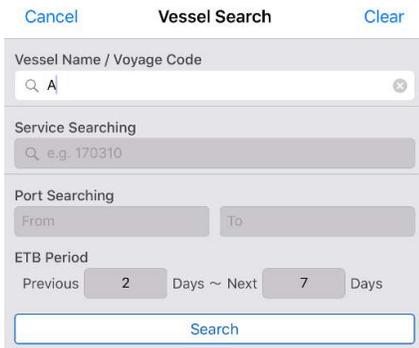

2) The Vessel Search screen is pop up.

3) Vessel schedule can be searched either by

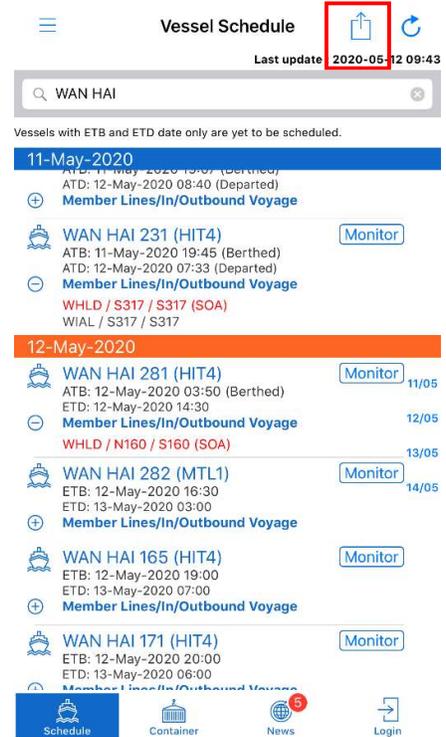

- Vessel Name / Voyage Code
- Service
- Port Pair & ETB Period

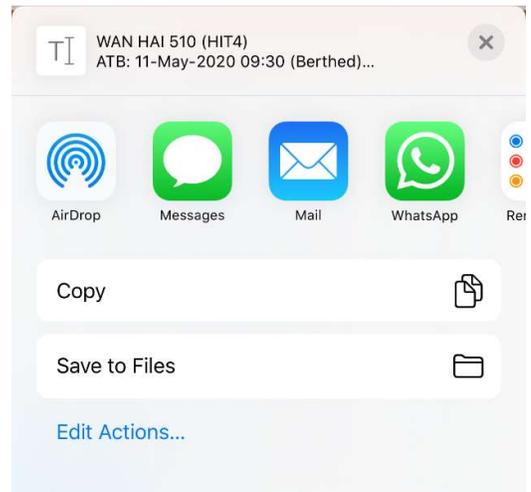

### 2.2.3. Share the Vessel Schedule

For iOS

1) Tap  to share the Vessel Schedule.

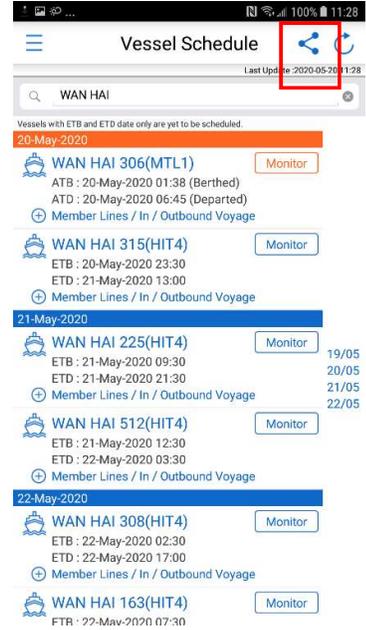

2) Select the designating App in the Sharing dialogue.

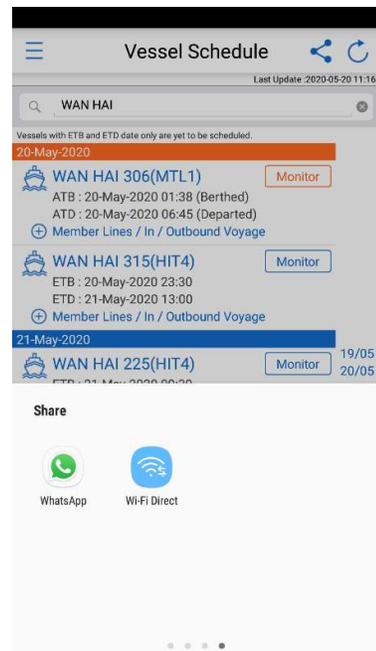

For Android

1) Tap  to share the Vessel Schedule.

2) Select the designating App in the Sharing dialogue.

## 2.3. Container Enquiry

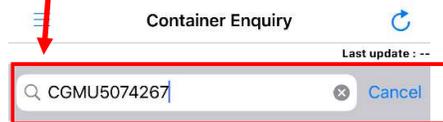

### 2.3.1. Overview

Search container information by Container Number

1) Tap  **Container** from the Main Screen to bring up the Container Enquiry Screen.

2) Enter the Container Number in the Search Bar (case-insensitive).

3) Tap  (in iOS) /  (in Android) to share the Container information.

#### Information

Owner	CMA
Status	Transhipment Laden
Terminal	ACT8
Size/Type(Group)	45/R1 (40'HQ/RF)

## 3.Full Function Mode for Authorized Users

### 3.1. Overview

After Login your account to use full function mode, you can access more functions and information. (how to login, please refer to 1.5.1)

#### 3.1.1. Left Menu

Six functions at the left menu :

-  - Logout (refer to Section 0)
-  - My Message (refer to Section **Error! Reference source not found.**)
-  - My Monitor List (refer to Section 3.4)
-  - Language (refer to Section 4.1)
-  - Notification Settings (refer to Section 4.2)
-  - Login with Touch ID (refer to Section 1.5.3)
-  - Terms & Conditions (refer to Section 5)

### 3.1.2. Bottom Menu

 **Schedule** - Vessel Schedule Enquiry (Full function mode) (refer to Section 3.2)

 **Container** - Container Enquiry (Full function mode) (refer to Section 3.3)

 **Terminal** - Terminal View (refer to Section 0)

 **News** - Latest News from the Terminal (refer to Section 1.6)

## 3.2. Vessel Schedule Enquiry (Full function mode)

### 3.2.1. Overview

Search Vessel Schedule by different criteria.

Annotations for the screenshot:

- Tap to refresh the list.
- Expand the Vessel Search screen.
- The orange highlighted text indicates the current date. All other dates will be in blue highlight.
- The date list covers the range of [(Current Day -2) to (Current Date + 7)].
- Select the desired date from the list (indicated by the red squares above) at the right to show its schedule.
- Monitor this Vessel Schedule (refer to Section 3.4)
- Monitor is disabled.
- Monitor is enabled.
- Indicate which Monitor Alert is enabled.
- Items in Red: SOA
- Items in Blue: Member Lines

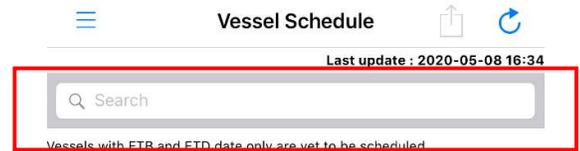

Vessel Status Alert is enabled.

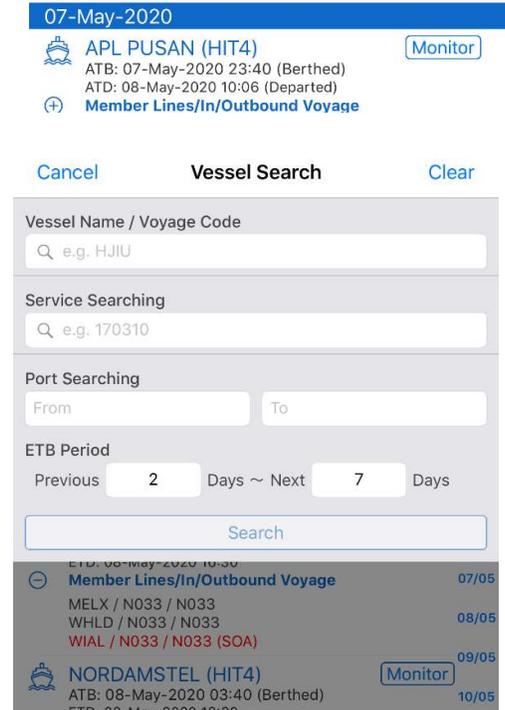

VGM Alert is enabled. Tap it to view the Non-VGM container list (refer to Section 3.2.4)

### 3.2.2. Search the Vessel Schedule

- 1) Tap Search Bar to expand the Vessel Search.

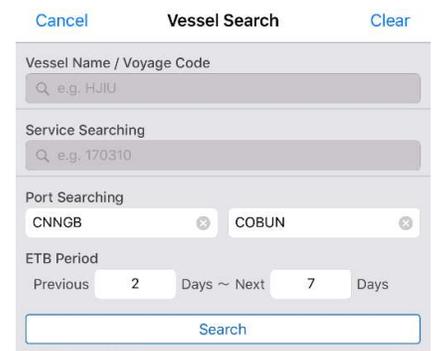

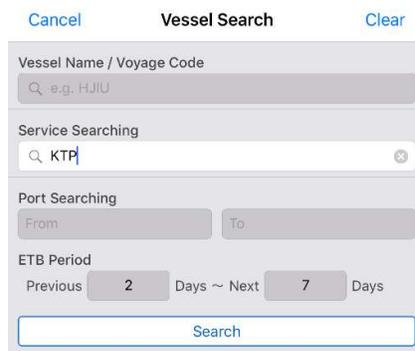

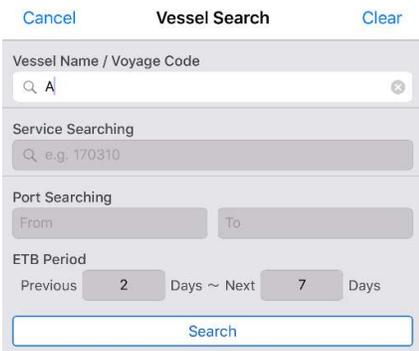

- 2) The Vessel Search screen is pop up.

- 3) Vessel schedule can be searched either by

- Vessel Name / Voyage Code
- Service
- Port Pair & ETB Period

4) Tap searching Result to view its detail.

5) Tap  (in iOS) /  (in Android) to share the Vessel Schedule.

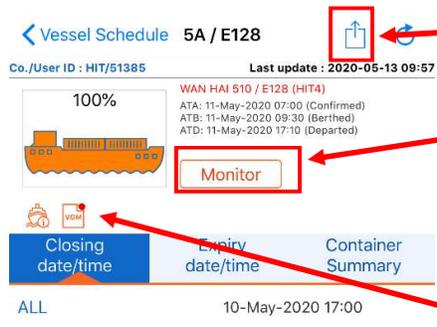

### 3.2.3. Vessel Schedule Detail

It shows the Vessel Schedule detail information such as Vessel name, ATA, ATB, ATD etc.

There are three tabs – **Closing date / time**, **Expiry date / time**, and **Container Summary** on this page.

#### Closing date / time

Tap  (in iOS) /  (in Android) to share the Vessel Schedule detail.

Monitor this Vessel Schedule (refer to Section 3.4)

 Monitor is disabled.

 Monitor is enabled.

Indicate which Monitor Alert is enabled

 Vessel Status Alert is enabled

 VGM Alert is enabled. Tap it to view the Non-VGM container list (refer to Section 3.2.4)

#### Expiry date / time

#### Container Summary

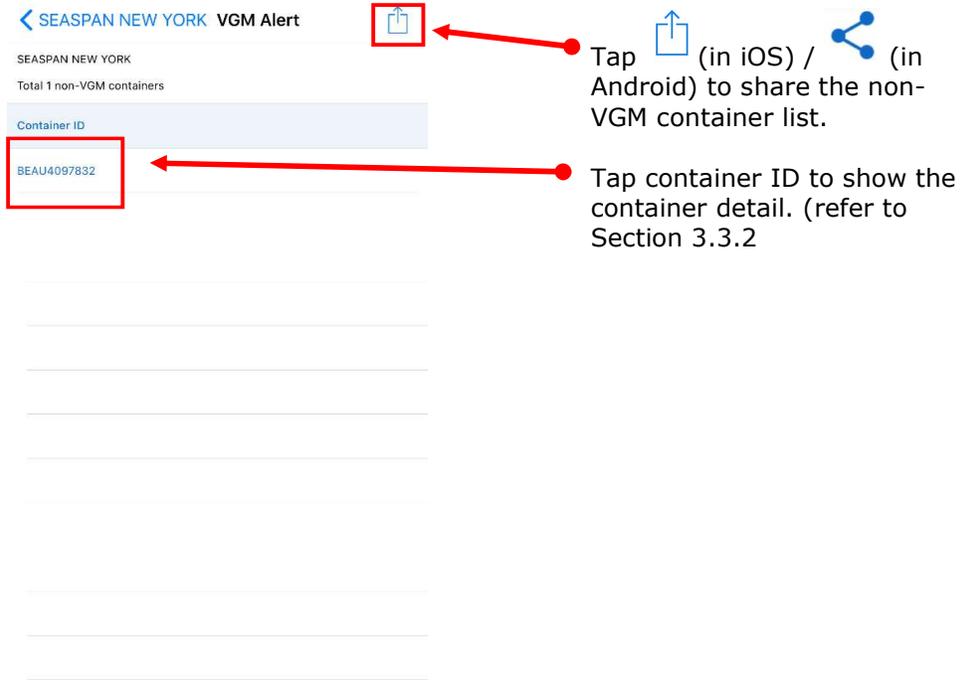

Tap item to view the details (indicated by ) (refer to Section 3.2.5)

### 3.2.4. Non-VGM container list

The Non-VGM container list is only available if the VGM alert is enabled.

It is updated twice a day (07:00 and 20:00).

Tap  in the Vessel Schedule Detail to view the non-VGM container list.

SEASPAN NEW YORK VGM Alert

SEASPAN NEW YORK  
Total 1 non-VGM containers

Container ID
BEAU4097832

Tap  (in iOS) /  (in Android) to share the non-VGM container list.

Tap container ID to show the container detail. (refer to Section 3.3.2)

### 3.2.5. Container Summary shows Hotbox/ DG / Loading / Discharge Detail

### 3.4. Vessel/Container Monitor

#### 3.4.1. Setup Vessel Monitor (Public Mode)

Vessel can be put into the "Monitor" List. Berth / Departure Notification can be enabled for the dedicated vessel, the updates will be pushed to user's mobile device immediately.

- 1) Tap  at Vessel Schedule.
- 2) Tap "Enable" in the Monitor Setting dialogue.

### 3.4.2. Setup Vessel Monitor (Full Function Mode)

Vessel can be put into the "Monitor" List. Vessel Status Alert or VGM Alert can be enabled for the dedicated vessel.

For Vessel Status Alert, the updates will be pushed to user's mobile device immediately.

For VGM Alert, Non-VGM container list will be pushed to user's mobile device twice daily.

- 1) Tap Monitor at Vessel Schedule or Vessel Schedule Detail.
- 2) Select those required alerts in the Monitor Setting dialogue.
- 3) Tap "Confirm".
- 4)  or  will be shown.

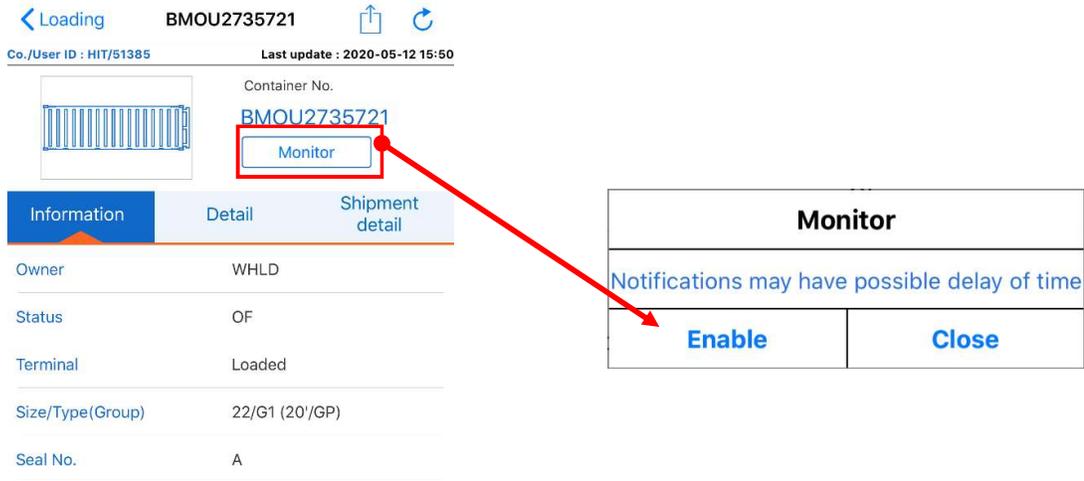

The process is illustrated through three screenshots:

- Screenshot 1:** Shows the 'Vessel Schedule' page for vessel '5A / E128'. A red box highlights the 'Monitor' button. Below the vessel details, there are columns for 'Closing date/time', 'Expiry date/time', and 'Container Summary'.
- Screenshot 2:** Shows the 'Monitor Setting' dialog. Three toggle switches are turned on: 'All alerts', 'Vessel Status', and 'VGM Alerts'. 'Confirm' and 'Cancel' buttons are at the bottom.
- Screenshot 3:** Shows the 'Vessel Schedule' page after configuration. The 'Monitor' button is now orange. Below the vessel details, the 'Closing date/time' column now includes icons for Vessel Status and VGM.

### 3.4.3. Setup Container Monitor

Container can be put into the "Monitor" List. The updates will be pushed to user's mobile device immediately.

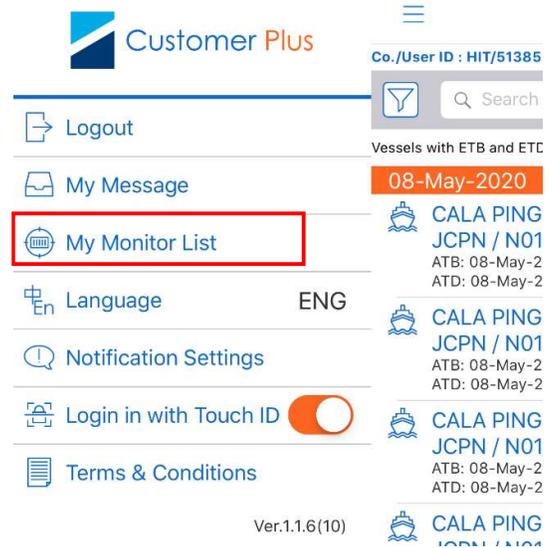

- 1) Tap  at Container Detail.
- 2) Tap "Enable" in the Monitor dialogue.

Or, put one or more container(s) into the "Monitor" List at Vessel Schedule > Vessel Schedule Detail > Container Summary > Hotbox/ DG / Loading / Discharge Detail (refer to Section 3.2.5)

### 3.4.4. View Vessel / Container Monitor

- 1) Tap  at the top left of the Main Screen to bring up the Left Menu.

- 2) Tap  **My Monitor List** to view the lists.
